- Travel assistance to nearest rehabilitation centre

### A GLOBAL SAFETY NET

## WHY SUPPORT THE OMCT FUND FOR VICTIMS OF TORTURE?

Victims of torture continue to suffer for many years - if not forever - after the physical and psychological cruelty they experienced.

The OMCT Victim's Fund provides an in-cash safety net to any human around the world who has suffered torture, as ascertained by local partners of the trusted SOS network.

Survivors of torture can submit an application requesting assistance for legal, medical and social needs worth \$50 up to \$5,000, and receive the assistance within days of their request, after verification with a local organisation. This assistance is targeted at helping them with their most immediate needs
